Wake up to a new way of sleeping

Quality sleep therapy, made affordable

→ Be your best. Get some rest.

Introducing Linde Noctivance®

- ✓ Quiet
- ✓ Efficient
- ✓ Affordable

Perfecting your sleep, breath by breath

Linde Noctivance® APAP (Automatic Positive Airway Pressure) device quietly adjusts pressure to your breathing needs to prevent your airways from closing. Linde Noctivance® is also available as a CPAP device. Equipped with an Eco Smart™ humidifier, Linde Noctivance® produces a natural breathing environment, ensuring comfortable therapy throughout your entire sleep.

Can it be more simple?

Noctivance® is a reliable sleep device without the complicated functionality, made affordable. That's why Noctivance® keeps it simple with only one button to start therapy and one screen to check your data.

Linde is a global leader in medical gases and respiratory technology. We are confident in producing top performing, high quality, safe medical products worldwide.

Noctivance®, your solution to better health and sleep.

An affordable way to get a restful sleep

The Linde Noctivance® range offers two world-leading sleep therapy devices at affordable prices. Designed for comfort and simplicity, you can rest easy knowing these devices will help you get a better sleep.

Simple design and easy to use

- User-friendly design with large screen and buttons for ease of control and visibility
- One-click to start therapy
- Easy to assemble with simple slide-in humidifier
- Minimal effort required for cleaning

Comfortable and quiet

- Exceptionally quiet which provides rest for both you and your partner
- Ramp function increases pressure slowly, so you can comfortably fall asleep
- Adjustable humidifier prevents dry nose and throat or condensation in your mask
- Pressure relief technology that adjusts to exhalation to make breathing feel more natural
